

# 【Chrome 瀏覽器】清除瀏覽器暫存檔操作步驟

1. 打開 chrome 瀏覽器首頁(網址：<https://www.google.com/>)

2. 點選右上角 圖示(步驟 1.) → 點選「設定」(步驟 2.)

### 3.點選「安全性與隱私權」(步驟 1.)→點選「清除瀏覽資料」(步驟 2.)

The screenshot shows the Google Chrome settings interface. On the left, there's a sidebar with various options like 'Google', 'Autofill', 'Appearance', etc., with 'Security & Privacy' highlighted by a red box and a red number '1.' above it. The main content area is titled 'Security & Privacy' and contains several sections: 'Check for security risks', 'Clear browsing data' (which is also highlighted with a red box and a red number '2.'), 'Cookies and other site data', 'Security', 'Site settings', and 'Privacy Sandbox'. A blue button 'Check now' is visible at the top right of the main content area.

### 4.全部勾選後→按「清除資料」

The screenshot shows the 'Clear Browsing Data' dialog box. It has tabs for 'Basic' and 'Advanced'. Under the 'Time range' dropdown, '不限時間' is selected. The 'Basic' tab is active, showing three checkboxes: 'Browsing history' (selected), 'Cookies and other site data' (selected), and 'Cached images and files' (selected). A note below says: 'In your account, search history and other activity may be stored in your Google account. You can delete this content later.' At the bottom, there are 'Cancel' and 'Clear data' buttons, with 'Clear data' highlighted by a red box and a red number '3.' above it.
